

18th REDLARA 2026 Preliminary Program « Smart fertility: the role of AI application in assisted reproduction » Foz do Iguaçu | Triple Border

Apr 28	Apr 29 - room A	Apr 29 - room B	Apr 30 - room A	Apr 30 - room B	May 1
09 - 12 PM PEC Online and Professional certification exams	08 AM » Welcome session 08:15 AM » The best of JBRA Assisted Reproduction 2025 Sperm DNA Fragmentation: causes, evaluation and management in male infertility. Morphological assessment of oocyte quality during assisted reproductive technology cycle. 09 AM » Oral papers presentation concurring REDLARA Award 09:30 AM » Conference: Algorithms that give life: How AI, Technology Watch and Data Analysis are transforming Assisted Reproduction		08 AM » Debate session: Is it more important PGT or the physiology of implantation? 09 AM » Oral papers presentation concurring REDLARA Award 09:30 AM » Conference: Can REDLARA rescue biomedical sciences in the North?	08 AM » Debate session: The future of ART in Latam seen by its actors 09 AM » Conference: Neuroscience of the AR: from gametogenesis to implantation 09:30 AM » Conference: The future of PGT	09:00 AM » Conference: Add ons associated to AI. 09:30 AM » The future of ART Conception and misconceptions: the future of ART. Individualized stimulation. Robotisation in ART.

09 - 12 PM PEC Online and Professional certification exams	10 AM » Sponsored Symposium 11 AM » Life style in reproductive results Alimentation impact in male and female fertility Emotional management in patients under ART treatment Body Builders and male subfertility or sexual disfunction?	10 AM » Sponsored Symposium 11 AM » AI in the laboratory AI in oocyte selection AI in sperm selection AI in embryo selection	10 AM » Sponsored Symposium 11 AM » Ovarian Stimulation Double stim in poor prognosis patient. ESHRE guideline: Ovarian stimulation for IVF and ICSI. Dual trigger versus GnRH-a trigger for elective fertility preservation.	10 AM » Sponsored Symposium 11 AM » IVF Lab - what's new? ICSI with Testicular Sperm in Non-Azoospermic Men: Expert Opinion and Practical Algorithm. Stem cell and gene therapies: FDA-approved already and prospects beyond 2026. The future of embryo selection in the lab.	11:30 AM » Interactive session with participants voting and all speakers. 01 PM » Closing ceremony and Award announcement.
BREAK	LUNCH SYMPOSIUM	LUNCH SYMPOSIUM	LUNCH SYMPOSIUM	LUNCH SYMPOSIUM	
02 - 06:30 PM » Pre-congress courses on: Nursery Psychology Andrology Management and Quality Control SBRA Symposium	02 PM » The reproductive surgery Hysteroscopy in cesarian scar pregnancy treatment. When to treat endometriosis before IVF. Intramural fibroids and IVF. When to operate and when not to. 03:30 PM » Conference: Ovarian stimulation and its impact on the egg quality.	02 PM » Andrology From Double Helix to Double Trouble: Sperm DNA Fragmentation Unveiled - A Reproductive Urologist Perspective. Male infertility and endocrine disruptors. Reproductive outcomes. Artificial spermatogenesis. 03:30 PM » Conference: Lab witness	02 PM » The endometrium Artificial vs Natural FET. Should we go back to nature for all? Individualised luteal phase for cryotransfer. Interventions in recurrent implantation failure. 03:30 PM » Conference: Unconventional stimulation in the freeze-all era.	02 PM » The development of new Lab techniques for the next decade. Ultra Fast vitrification: results. The future of the Genetics Laboratory. From the Lab to the algorithm: disruptive innovation in AR with AI and Data Science. 03:30 PM » Conference The future of implantation studies	
BREAK PM	BREAK PM	BREAK PM	BREAK PM	BREAK PM	
07 PM » Opening conference Big data after 35 years of Latin American Registry of Assisted Reproduction 08 M » Opening toast (exhibition area)	04:30 PM » Controversies Association between Embryo culture, Cryopreservation and Birth defects in ART The efficiency of ART has improved the last years?	04:30 PM » The future of Reprogenetics Ethics view of the embryo as patient. ni-PGT-A: the future yet? The impact of the embryo lab reducing mosaicism.	04:30 PM » Conference: Anvisa: the Brazilian experience in reproductive technologies regulation 05 PM » New families Psychological evaluation of the donors New therapeutical dynamics	04:40 PM » Oral papers presentation concurring REDLARA Award 05 PM » Debate session: pos and cons PGT: yes! PGT: no!
